

## EDUCATION

**Mukesh Patel School of Technology Management & Engineering - NMIMS University**

**Jun 2022 - Sept 2026**

*B. Tech Computer Engineering*

*CGPA(WES): 3.56/4.0*

### Achievements and Awards

- **Student Ambassador Award (2026):** Awarded for exceptional representation of the institute and outstanding contributions to student engagement, leadership, and institutional initiatives
- **Best Secretary Award (2026):** Honored as the Best Secretary for exemplary leadership, successful execution of institute-wide technical initiatives, and outstanding contributions to the Student Council

## INTERNSHIP EXPERIENCE

**Data Analytics Intern | Reliance Jio (JPL)**

**Jan 2026 – May 2026**

*A leading telecom & digital services company focused on connectivity, cloud, AI, and enterprise technology solutions*

- Developed a Real-Time Observability & Log Analytics platform to consolidate events from 10+ enterprise services
- Reduced log retrieval time by implementing GIN-indexed full-text search, advanced filtering, and export features
- Designed 6+ KPI monitoring dashboards across Network, Database, Storage, and Big Data platforms
- Enhanced performance of 10+ RESTful APIs and optimized PostgreSQL workloads to support observability scaling.

Tech Stack: React.js, TypeScript, Node.js, Express.js, PostgreSQL, Docker, Tailwind CSS, Recharts

**Tech Intern | Torus Group (Reliance Securities)**

**Nov 2022 - Jan 2023**

*A fintech & investment solutions company offering digital trading, wealth management, & financial services platforms*

- Evaluated 50+ test scenarios across key customer-facing workflows to identify functional and performance issues
- Conducted root-cause analysis on 30+ critical issues, and improved application stability prior to deployment
- Validated fixes for 30+ defects across 50+ test scenarios using regression testing for stable application releases

Tech Stack: Manual Testing, Android Debug Bridge (ADB), Jira, Android Studio

## ACADEMIC PROJECTS & RESEARCH PUBLICATIONS

- **Purohit, J; Parikh, A; Bohra, H; Puthran, S; et al. (2026).** *BiasCatcher – AI Powered Media Bias Detection in Indian News*. Cureus Journal of Computer Science (Springer Nature Platform). Submitted for Publication
- **EV Sales Analysis (2025):** Built a Tableau dashboard using 50,000+ EV sales records to analyze market share, pricing, and adoption trends, highlighting Tesla's 63% market share and key BEV/PHEV adoption patterns
- **Sentiment Analysis (2025):** Leveraged BERT, Hugging Face Transformers, NLTK, & Scikit-learn to analyze 10K+ social media posts, extracting aspect-level sentiment and entity relationships to improve classification accuracy by 18%
- **AI Checkers Engine (2024):** Developed a Deep Q-Network based engine using Python, PyTorch, & Pygame, achieving a 75%+ win rate & reducing training time by 30% through reward shaping and epsilon-decay optimization
- **Purohit, A; Satija, S; Purohit, J; Deshmukh, K. (2025).** Springer Nature - [A Comparative Study of Deep Learning Architectures for Customer Churn Predictions](#). Lecture Notes in Networks & Systems. Vol 1269, Issue 01 Oct 2025

## ADDITIONAL INFORMATION

### • Leadership & Community Service

- **Vice President, Taqneeq - Tech Fest MPSTME (2025 - 2026):** Managed stakeholder engagement across 18+ committees & 25+ industry partners, while developing a mobile application to streamline event participation
- **Technical Secretary, Student Council (2025 - 2026):** Led the Bombay Research Summit 2025 and institute-wide technical initiatives with a 50-member team, promoting exposure to automation and engineering practices
- **Publicity Head, IETE Student Forum (2023 - 2024):** Managed publicity and digital outreach initiatives for technical events and workshops, increasing participation by over 200% and enhancing campus-wide visibility
- **Social Lead, IBelieve (2021 - 2023):** Coordinated 30+ virtual community-building events, networking sessions, and social engagement initiatives across 15+ countries
- **Marketing Lead, Bizzneeti - B-Plan Competition (2023):** Led marketing for a national-level business plan competition, engaging 250+ participants and enhancing exposure to entrepreneurship and industry insight
- **Tutor & Mentor (2023):** Guided 10+ IBDP students through 25+ mentoring sessions in Extended Essay & ToK
- **Executive, Colloquium – Business & Management Cell (2022 - 2023):** Organized 3+ case competitions, speaker sessions & workshops to enhance students' business acumen, problem-solving skills, and industry awareness
- **Technical Skills:** Programming: Python, C++, HTML, CSS, SQL; Frameworks: JIRA, Excel, Figma, TensorFlow, Streamlit; Visualization: Matplotlib, Seaborn, Tableau, SAS ODA, Power BI; Others: OOPS, DBMS, DSA
- **Independent Learning:** [Data Science Job Simulation](#) BCG (2026); **Deloitte Australia — Data Analytics Forage (Ongoing); Wharton Online — Business Analytics Specialization Coursera (Ongoing); McKinsey Forward Program** - Professional [Certificate](#) Trainee and [Badge](#) (2025); [Cloud Architecting](#) - AWS Academy Graduate (2025)
- **Interests:** Dance (Certified performer at Shiamak Davar Academy), Abacus, Avid Reader, Blog Writing, Cricket
- **Languages:** English, Hindi, French (Equivalent to B2 level with IB French SL)
